## Home Repair Assistance Application For Homeowners Only

Group WorkCamp is an intensive one-week trip that helps people grow in Christian faith through service. Youth and adults from around the US will spend one week in our communities performing hands-on home repair projects for elderly, disabled, and those of modest income.

Each home site will consist of 4-5 youth and at least one adult leader. Site writers will visit your home prior to the WorkCamp and help with identifying repairs and materials needed for your specific project. **Eligible households must be within 30 miles driving distance of Morris, MN.** Eligible repairs are "basic" home repair and are listed with the application.

Both labor and materials will be free to qualifying households. Households receiving assistance must agree to provide water, electricity for tools, a restroom for the workers as well as providing an adult in the home the week of the repairs.

You will be contacted this spring about the status of your application. At no time can we guarantee that work will be completed on your home.

Please complete the following questions and return your application to WCMCA, Inc.
